

Healthy Diets from Sustainable Food Systems:

Integrated Indicators, Global Food Database and EAT Report

Frank Rijsberman, CEO CGIAR Consortium

Sustainable Development Goals

- 17 Goals, 169 Targets, 62 Targets linked to Food System
- Interconnected Health, Food & Sustainability Challenges
- Require ***Integrated Indicators*** to monitor progress

We propose 11 integrated indicators and 3 priority indicators

We propose
**a *Global Food
Database* and
*EAT Report***
on the
state of the
food system
